|------------|-----------------------------------|--------------|-----------------------------------------------------|
| aa = 32    | 32m Viewing Distance              | dd = R       | Running Figure Decal                                |
| aa = 40    | 40m Viewing Distance              | dd = RL      | Running Figure Left Arrow Decal                     |
| bb = Blank | Manual Test/Clevertest Plus (CTP) | dd = RR      | Running Figure Right Arrow Decal                    |
| bb = ZW    | Zoneworks XT                      | dd = SP      | Special Purpose sign                                |
| bb = HV    | Zoneworks XT HIVE (915MHz)        | dd = DS-R    | Double Sided Running Figure Decal                   |
| bb = HVG   | Zoneworks XT HIVE (2.4GHz)        | dd = DS-RAOW | Double Sided Running Figure Arrow One Way Decal     |
| bb = DATA  | Zoneworks DATA                    | ee = Blank   | Housing Colour - Standard colour                    |
| bb = DALI  | DALI Registered                   | ee = BLK     | Housing Colour - Black                              |
| bb = D2    | DALI-2 Registered                 | ff = Blank   | Exit Sign with 2-hour Emergency Running Time        |
| cc = WM    | Wall Mounted                      | ff = 4HR     | 4-hour emergency run-time fitting                   |
| cc = CM    | Ceiling Mounted                   | ff = UPS     | Changeover Centrally Supplied from an UPS (240V AC) |
| dd = Blank | One-box Solution                  | gg = Blank   | Non-LSZH cable                                      |
| dd = E     | EXIT Text Decal                   | gg = NP3C6M  | LSZH cable (Customised)                             |

are in conformity with the requirements of the:

- AS/NZS 4417.1:2012 & AS/NZS 4417.2:2018 in-scope electrical equipment and AS/NZS 3820:2009 (Essential safety requirements for electrical equipment)
- Radiocommunications Labelling (Electromagnetic Compatibility) Notice 2017 made under section 182 of the Radiocommunications Act 1992
- Australian Communications and Media Authority (ACMA) for Electromagnetic Compatibility (EMC).

Above products meet the following standards:

|                    |                                                                                                                                                            |
|--------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------|
| AS/NZS 2293.3:2018 | Emergency lighting and exit signs for buildings Emergency luminaires and exit signs                                                                        |
| AS 60598.2.22:2019 | Luminaires – Part 2.22: Particular requirements – Luminaires for emergency lighting (IEC 60598-2-22:2017 (ED.4.1) MOD)                                     |
| AS CISPR 15:2017   | Limits and methods of measurement of radio disturbance characteristics of electrical lighting and similar equipment (CISPR 15:2013+AMD1:2015 (ED.8.1) MOD) |
