

# BUNKALITE EMERGENCY LUMINAIRE

## Robust and Weatherproof LED Circular

The Bunkalite is an IP65 and IK10 luminaire that is ideal for outdoor covered applications such as corridors, stairwells and walkways in schools and apartment blocks. Constructed with a powder-coated steel body and white opal polycarbonate diffuser the Bunkalite provides a decorative solution for both industrial and commercial use.

Market leading lithium battery technology provides lower maintenance costs and LED lamps provide a low standby power rating that will reduce energy costs significantly.

Available in White, Black, Grey and Silver options to suit various environments.
